

SHRI VISHWAKARMA SKILL UNIVERSITY

First Skill University of India,
setup by Govt. of Haryana

B.Voc. in Mechatronics

Duration: 3 Years (6 Semesters)

Under
**Skill Department of
Automotive studies**

Eligibility Criteria : NCrF LEVEL : 5.5

10+2 (PCM) or 10+2 and L4 Certificate in Automotive/
Capital Goods & Manufacturing sector / *L4 Certificate in
IT/ITeS Sector or 10 plus I.T.I. (Two Years) with one
language subject (Hindi or English)

*Stipend during OJT : Rs. 10,000 - 12,000 per Month
Mechatronic Centre of excellence of SMC and Festo

About the Program

Mechatronics is a synergetic combination of precision
Mechanical Engineering, Electronics/Computer Engineering,
and control automatic systems for the design of products and
manufacturing processes. The B.Voc Program in
Mechatronics, designed for NSQF, is aligned to the dual
education model, where SVSU provides subject teaching and
skills for enhancing the learning of students as 'On-the-Job-
Training' (OJT) in the industrial environment with our industry
partner Hero Moto Corp.

Objective of the Program

The program will provide in-depth knowledge in the field of
automation, operations, and maintenance of various
electrical and mechanical systems and will impart learning in
frontier areas of automotive mechatronics (manufacturing
processes, products, programming, testing, and quality
control). The program would make the students employable
and job-ready by providing the synergy of basic knowledge in
the field of applied science and skill (STEM).
